

Island Wholesale now has two locations with its acquisition of the flooring showroom at 278 "A" Street in downtown Friday Harbor (formerly Island Port and Home Port).

Carpet, hardwood, tile and stone are available at the "A" Street store. Windows, doors, cabinets and other building products are featured at Island Wholesale Products location at 849 Spring Street.

Island Wholesale has been selling flooring on a limited basis for more than 10 years. The return of Mary Haselow last fall and the opportunity to obtain the new space made the goal of expanding flooring offerings possible.

The new showroom displays the increased number of product lines including some specialty "green" products.

IWP will compete with mainland pricing. IWP will feature at least one product every month at a true "blow out" price as a monthly special and will give a special offer to anyone who visits our "A" Street showroom this summer.

Haselow, who has a degree in Interior Design and over 20 years of experience in design and sales, can assist you with flooring, cabinets and countertops. She can be found at the "A" Street showroom from 9 am to 4 pm and from 10 am to 2 pm Tuesday - Friday and Saturday or call her for an appointment at **378-3903**.

Dwight will continue to be at the Spring Street store **378-7202**.

These developments came at the same time as IWP welcomes a new installer, Duane Hallam. Duane has 35 years of experience in all types of flooring installations and has done everything from apartments/condos to high-end homes throughout the Puget Sound area.

He has extensive product knowledge and can help in determining the right product for your job.
